The Occupy Sandy Local Business Registry is a fund raising effort that puts 100% of the funds raised for needed tools, materials and goods directly in the hands of locally owned businesses in the areas hit hardest by Superstorm Sandy. The items purchased in turn are delivered directly from store to work crew or recovering family. It's like an online wedding registry that does twice the good –

workers and recovering essential goods, while providing the financial boost they need about this site in: [How It](#)
